Park 900, 1098 XH Amsterdam)**

**“The Internet Society supports and promotes the development of the Internet as a global technical infrastructure, a resource to enrich people’s lives, and a force for good in society.”**

## Strategy for the Netherlands

**Back to the original function of building bridges between infrastructural parties and societal stakeholders: the general public, government, academia & entrepreneurs**

- 1. Knowledge - Masterclasses**
- 2. Growth - Working groups**
- 3. Impact - ISOC NL ambassadors**

## Societal agenda

- 1. Measuring is knowing:** Scientific and policy research, also from Netherlands, to power on the internet foundations by Big Tech, Russia and China.
  - 2. Knowledge is power:** Mandatory training for Dutch ministers MPs about the management of the Internet and the policy choices made become.
  - 3. Consultation is half the battle:** Installation of a technical multi-stakeholder consultation and making the choices and positions of various parties more widely known such as Big Tech, the Dutch government and the role of Europe in this.
  - 4. Who pays determines:** Budget for contributing to Internet protocols by civil society.
- Organizer of broad technical multistakeholder participation
  - Stimulate critical applications of the internet in (or as) Internet Protocols
